Give us a call to find out more.

## SERVICE FEES

**ACS** is a fee based service company with competitive hourly rates, project rates, block times and contracts. We can and will provide your company with outstanding service!

**ACS** is a Computer and Network Service Company founded in 1996 specializing in Technical Support, IT Consulting and IT Outsourcing Services for small to mid-sized companies. We understand the technology challenges businesses face today. Network Security, Technical Support, Messaging, Mobility, Performance and Reliability are just some of the critical areas of network technology that we deal with on a daily basis. In Houston we have a very diverse customer base ranging from Oil and Gas to Electronics with customers from Houston to Beijing China. Our business practice is based on providing superior technical services and customer support to companies spanning all industries. Our small group of highly-motivated and technical consultants provides clients with the same technological and support benefits that were once believed to be only available to the Fortune 1000.

In our industry, **ACS** stands out as a Computer and Network Service Company committed to client success. You can be confident that we will work very closely with you and your staff to provide solutions that facilitates accomplishing your primary objectives and maximizing return on your IT investment.
